MEMBERSHIP BENEFITS

Dear Industry Colleague,

I am pleased to note that you have agreed to work in strengthening our society and wish to enrol your peers and associates from the industry into **FOCUS**.

It is at this time that we must be able to let people know what must expect from their membership in the Forum of Critical Utility Services. I write this just to put things in perspective for your effective communication with prospective industry colleagues for their valuable participation in **FOCUS** as members.

A Membership in an Industry body especially **FOCUS** that encompasses all the verticals of the Critical Utility Services which incidentally also happens to be, the only such body, in the world is in itself a pride for India and us Indians. Your membership would **only demonstrate that you have reached a certain level of expertise in your profession, and this membership will greatly add to your credibility**. Moreover, it also points to the fact that you are serious about your career and professional development. This not only enhances the pride of your employees but also elevates your stature in society, community, business and above all in the eyes of your customers.

To facilitate business among FOCUS Members across India a group on Telegram called "**FOCUS4COMMERCE**" has been created. This is to facilitate the exchange of professional & business information between the members offering an opportunity for enhanced interaction and to explore business expansion.

This apart if we have to spell out the benefits that a member will draw from his membership to **FOCUS**, you must review the below points which simply cannot be valued, and they are:

- Automatic Entry into "**FOCUS4COMMERCE**", the Business Forum in Telegram.
- Flexible Online Learning and Certifications.
- Mentoring Programs.
- Members-Only Job Boards. (In the initial stage of Design)
- Virtual Events.
- Directories.
- Volunteering Programs.
- Exclusive, Industry-Specific Programs
- Opportunity to network

Forum of Critical Utility Services®

Address : No. 19/2-5, 1st Floor, 80 Ft. BDA Road, Avani Sringeri Nagar, BTM 6th Stage, Bengaluru - 560 076

Contact No. : +91 7411625493 ; Email - id : admin@ourfocus.co ; Website : www.ourfocus.co

WWW.OURFOCUS.CO

- Showcase your talents
 - » Contribute & deliver Technical Papers published on the “Tech Blog” official website .
 - » Planning,
 - » Resource augmentation,
 - » Presenting (EMCEE),
 - » Strategising
 - » Event Management
 - » Membership Program
 - » Finance Management
 - » International Partnerships
 - » Spokesperson
 - » Townhall Program Coordinator
 - » Publishing
 - » Technical Speaker enlistment
 - » Campaign Management
 - » Skill Development & Training
 - » Student Programs Coordinator
 - » Career Guide to Students
 - » And many, many, more opportunities...
- What must be borne in mind is the fact that you are or will be a member of a body that is all set to go across the shores and will not just unite various industries just in India but is all set to be a “Global Game Changer”.
- I am sure, no entrepreneur would want to sit on the sidelines and watch history unfold.
- Would you not want to be in the thick of all this and demonstrate that you are a true leader and that you would rather demonstrate that rather than watch your peers stride the country and the world with **FOCUS** pinned not just on their chest but also in their actions.

For any other info over and above this that you wish to have- please join us and implement your ideas to show the substance that you are made of.

I now warmly welcome you into **FOCUS!**

Best!

For the Forum Of Critical Utility Services
